Welcome to the Department of Archaeology at the University of Southampton. It is a pleasure to host TAG 2016, not least because of our Department’s long-standing commitment to the development and promotion of theoretical approaches in Archaeology, and a corresponding interest in the contemporary consumption of the past and its political context. The first meeting of the Theoretical Archaeology Group was held at Southampton in December 1977. 2016 also marks the 50th anniversary of our founding (Barry Cunliffe having been appointed to the first chair in 1966). The Department has grown considerably since then. We now have over twenty permanent academic staff, and research strengths in diverse areas ranging from human origins, to maritime archaeology, later prehistory, osteoarchaeology and digital heritage, among others. Our work reflects in some small part the sheer diversity of current, global disciplinary practice; and while today threats to cultural heritage and an open-mindedness to cultural diversity, past and present, seem all so real, it is encouraging to see such strength in our disciplinary mission, as reflected in the ethos of TAG.

We hope you have a very enjoyable conference and to make your visit easier you will find useful information set out below:

Venue
The conference will be held in Avenue Campus, SO17 1BF, the home of the Faculty of Humanities:
- James Parkes Building (B65): Registration, Sessions, Sightations exhibition, Bookstalls & Exhibitors, and Trypillia Mega-Sites exhibition
- Archaeology Building (B65a): TAG Christmas market, Second hand bookstall, Pop-up-Bar

The following events will be held in Highfield Campus, SO17 1BJ:
- EEE Building (B32): Keynote Antiquity Lecture and 50th Anniversary Event
- Social Staff Centre (B38): Wine Reception, Antiquity Quiz and TAG Party

Parking
Parking is available in the car park at the Avenue campus, the principal venue for the conference. You will need to show a conference car parking permit, available at registration. There are a limited number of passes so if you are leaving the conference early, please let someone on the registration desk know so the pass can be reissued. Parking is also available near B32 and the Plenary session.

Left Luggage
Luggage may be left with the TAG volunteers in the main Archaeology building on the Avenue Campus. Please ask a Hi Vis volunteer for details. If you wish to return to collect your luggage after the Plenary, then please let one of the volunteers know (we will move it to the security desk for collection). The volunteers will not be returning to the Avenue after the Plenary.

Lunch
Show your delegate badge at one of the food service points in the Avenue Campus to collect your packed lunch. If you have previously told us about dietary requirements, these lunches will be grouped together at a single table, so please ask if you cannot see it. The Avenue Campus café is also open
until 4pm, and the Students’ Union shop on the main Campus will be open until 4.30 each day. Vending machines selling drinks and snacks are located next to the Avenue café.

WIFI
Eduroam is available throughout the Avenue Campus and this has the greatest bandwidth for visitors. In addition, visitors to the campus can connect to ‘Wifi Guest’: Select WiFi Guest from the available network list, then open browser, refresh the page and follow the on-screen instructions to register or log in. There is likely to be high demand for both so we would ask you to switch off your Wifi connection when you are not using it.

Sessions
Speakers, please arrive early to sessions to allow your presentations to be uploaded. We recommend you send your presentation to the session organiser in advance in case there is any problem with images.

Break out rooms
Rooms 2253 and 2251 on the first floor of the Archaeology building B65a in Avenue Campus have been set aside for delegate use. Sign-up sheets on the doors can be used to reserve the space for your gathering.

Money/Cash
The Avenue café accepts card payments. ATMs can be found outside the Students’ Union shop on the Highfield campus, Lloyds Bank ATM on Burgess Road, Waitrose and Sainsbury’s on Portswood Road together with a number of banks etc. Other ATMs are available on London Road and the city centre.

Local pubs and restaurants
There is a range of eating and drinking venues within twenty minutes of the Avenue Campus. The Local Map indicates the location of these. Please note, most places stop serving food at 9pm in the evening. We have reserved a long table at the Crown Inn after the Plenary (help yourself: first come, first served) plus a small area at the Brewhouse and Kitchen but there are many other pubs and eateries in Portswood and the city centre including a number of good takeaways and Asian restaurants that serve food later.

Local Transport
Unilink operates to and from the University of Southampton:

- Route U1 - Links Highfield Campus with Southampton Airport Parkway Station (Airport & Train) and the city centre.
- Route U2 - Links Avenue Campus with Southampton Central rail station (Train) and Highfield Campus.

The Unilink network map can be downloaded here. A selection of bus timetables is available for viewing by the registration area, together with information on local Taxi companies.

David Peacock Memorial Appeal

David Peacock was appointed to the Department of Archaeology, University of Southampton, in 1968, serving it until his death on March 15, 2015. As a scholar he had an international reputation for his studies of ceramic and stone artefacts, and of quarries and trade. He was honoured by the Archaeological Institute of America with the Pomerance Award in 2012, and with the Kenyon Medal by the British Academy in the same year. Within the Department, he enthused cohorts of students, supervised many research candidates, and twice served as Head of Department. In retirement, he founded the Highfield Press to enable research of high quality to be published at reasonable cost.

To honour David’s memory, the Department of Archaeology has established a fund in his name. This will be used for the support of postgraduate students, in acknowledgement of his role in encouraging new generations of researchers and will not be limited to those studying his own particular interests.

Expenditure will depend upon the sum raised, and it may include travel grants, equipment purchase, or maintenance or fee payments, depending on circumstances. It is hoped that the Memorial Fund will attract donations from David’s many friends and colleagues, and from former students of the Department of Archaeology, particularly in celebration of its forthcoming 50th anniversary.

The fund is administered by the University of Southampton and more information on how to donate can be found here and in the University of Southampton Online Store under Archaeology.
